Under recent changes to Canadian securities laws, we are no longer required to distribute physical copies of our circular and 2013 annual report (which includes management’s discussion and analysis and consolidated financial statements for the fiscal year ended December 31, 2013) (collectively, the “investor materials”). Instead, we are posting electronic versions of the investor materials on our website for shareholder review – a process known as “Notice and Access”. Electronic copies of the investor materials may be accessed at www.brookfieldrp.com/notice-and-access and www.sedar.com. Shareholders are reminded to review our circular prior to voting. For information about the above items to be voted upon, please see the section of our circular titled “PART TWO – BUSINESS OF THE MEETING”.

Please contact us at 855-234-8362 or Investor.Relations@brookfieldrp.com should you have any questions about Notice and Access or wish to receive paper copies of the investor materials. If you contact us before the meeting, we will mail materials within 3 business days of your request free of charge. We must receive your request prior to 5:00 p.m. EDT on April 16, 2014 to ensure you will receive paper copies in advance of the deadline to submit your vote.

We are mailing our annual report to all shareholders who returned a request form last year asking for a paper copy of the report. All other shareholders have the option of requesting a paper copy as described herein. All shareholders who have signed up for electronic delivery of the investor materials will continue to receive them by email. BROOKFIELD RESIDENTIAL PROPERTIES INC.
MANAGEMENT INFORMATION CIRCULAR

PART ONE – VOTING INFORMATION

This Management Information Circular (“Circular”) is provided in connection with the solicitation by the management of Brookfield Residential Properties Inc. (“Brookfield Residential” or the “Corporation”) of proxies to be used at the Annual Meeting of Shareholders of the Corporation (the “meeting”) referred to in the accompanying Notice of Meeting (the “Notice”) to be held at the Hilton McLean Tysons Corner, 7920 Jones Branch Drive, McLean, Virginia, United States on Thursday, May 1, 2014 at 11:00 a.m., EDT.

The solicitation will be made primarily by sending proxy materials to shareholders by mail and email, and, in relation to the delivery of this Circular, by posting this Circular on our website at www.brookfieldrp.com and on our SEDAR profile at www.sedar.com pursuant to Notice and Access – see “Notice and Access” on page 2 of this Circular for further information. Proxies may also be solicited personally or by telephone by regular employees of the Corporation at nominal cost. The cost of solicitation will be borne by the Corporation.

The information in this Circular is given as at March 17, 2014, unless otherwise indicated. As the Corporation operates in U.S. dollars and reports financial results in U.S. dollars, all financial information in this Circular is in U.S. dollars. For comparability, all Canadian dollar amounts in this Circular have been converted to U.S. dollars at the average exchange rate for 2013 of C\$1.00 to US\$0.9713, unless otherwise indicated.

WHO CAN VOTE

As of March 17, 2014, the Corporation had outstanding 119,031,812 Common Shares and 61,961 8% Convertible Preferred Shares, Series A (the “**Preferred Shares**”). Each registered holder of Common Shares of record at the close of business on **Friday, March 12, 2014**, the record date (the “**Record Date**”) established for the purposes of determining shareholders entitled to receive notice of and to vote at the meeting, will, except as provided below, be entitled to one vote for each Common Share held on all matters to come before the meeting or any adjournment thereof either in person, or by proxy.

Holders of the Preferred Shares are not entitled to receive notice of or to attend any meeting of shareholders of the Corporation and, subject to the articles of the Corporation, as amended, and applicable law, shall not be entitled to vote at any such meeting.

For a description of the procedures to be followed by Non-Registered Shareholders to direct the voting of Common Shares beneficially owned, please refer to the answer to the question “If my Common Shares are not registered in my name but are held in the name of an Intermediary (a bank, trust company, securities dealer, broker, trustee or other), how do I vote my shares?” on page 5 of this Circular.

The election of the Board of Directors of the Corporation (the “**Board**”) must be approved by a majority of the votes cast by holders of Common Shares who vote in respect of the resolution. See “Election of Directors” on page 7 of this Circular for further information.

The appointment of the external auditor must be approved by a majority of the votes cast by holders of Common Shares who vote in respect of the resolution. See “Appointment of External Auditor” on page 12 of this Circular for further information.

Due to the non-binding advisory nature of the matter to be voted upon in respect of the compensation of the Corporation’s executive officers, there is no minimum vote requirement for the proposal. However, the matter will be considered to have passed with the affirmative vote of a majority of the votes cast by holders of Common Shares that are present or represented and entitled to vote at the meeting.

NOTICE AND ACCESS

On November 29, 2012, Canadian Securities Administrators published notice that they were adopting amendments to National Instrument 54-101 – Communications with Beneficial Owners of Securities of a Reporting Issuer (“NI 54-101”) and to National Instrument 51-102 – Continuous Disclosure Obligations. These amendments, among other things, provide issuers with the option of using “Notice and Access” to deliver meeting materials electronically by providing shareholders with notice of their availability and access to these materials online. Notice and Access came into force on February 11, 2013 and may be used by issuers in respect of meetings that occur on or after March 1, 2013.

Brookfield Residential has adopted Notice and Access because it reduces printed paper materials. Notice and Access is consistent with the Corporation’s philosophy towards sustainable growth and will reduce costs associated with shareholder meetings. Instead of mailing meeting materials to shareholders, this year Brookfield Residential has posted this Circular on its website, www.brookfieldrp.com, in addition to the System for Electronic Document Analysis and Retrieval (“**SEDAR**”) at www.sedar.com. Brookfield Residential has sent the Notice and a form of proxy or voting instruction form (the “**Notice Package**”) to all shareholders informing them that this Circular is available online and explaining how this Circular may be accessed. Brookfield Residential will not directly send the Notice Package to non-registered shareholders. Instead, the Corporation will pay Intermediaries (as defined on page 3 of this Circular) to forward the Notice Package to all non-registered shareholders. In accordance with NI 54-101, Brookfield Residential set the Record Date at least 40 days before the meeting and also filed a form of notification of the Record Date and the meeting date on SEDAR at least 25 days before the Record Date.

For the meeting, Brookfield is using Notice and Access for both registered and non-registered shareholders. Registered and non-registered shareholders who in 2013 requested a paper copy of the Corporation’s 2013 Annual Report (which includes management’s discussion and analysis and consolidated financial statements for the fiscal year ended December 31, 2013) (the “**Annual Report**”) will receive a copy of the Annual Report. Registered and non-registered shareholders who have signed up for electronic delivery of this Circular and the Annual Report will continue to receive them by email. Neither registered nor non-registered shareholders will receive a paper copy of this Circular unless they contact the Corporation after it is posted, in which case the Corporation will mail this Circular free of charge within three business days of any request provided the request is made prior to the meeting. We must receive your request **prior** to 5:00 p.m., EDT on April 16, 2014 to ensure you will receive paper copies in advance of the deadline to submit your vote.

Q & A ON PROXY VOTING

Q: What am I voting on?

A: Holders of Common Shares are voting on the election of the Board, the appointment of the external auditor and authorizing the directors to set its remuneration and the approval, on a non-binding advisory basis, of the compensation of the Corporation's named executive officers, as such information is disclosed in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative disclosure in this Circular. Each of the foregoing must be approved by a majority of the votes cast by holders of Common Shares who vote in respect of the resolution; provided, however, that due to the non-binding advisory nature of the matter to be voted upon in respect of the compensation of the Corporation's executive officers, there is no minimum vote requirement for the proposal. However, the matter will be considered to have passed with the affirmative vote of a majority of the votes cast by holders of Common Shares who vote in respect of the resolution.

Q: Who is entitled to vote?

A: Holders of Common Shares as at the close of business on March 12, 2014 are entitled to vote. Each Common Share entitles the holder to one vote on the items of business identified above.

Q: How do I vote?

A: If you are a registered shareholder, you may vote in person at the meeting or you may sign the form of proxy sent to you appointing the named persons or some other person you choose, who need not be a shareholder, to represent you as proxyholder and vote your Common Shares at the meeting. If your Common Shares are held in the name of an intermediary (a bank, trust company, securities dealer, broker, trustee or other) (an "Intermediary"), please refer to the answer to the question "If my Common Shares are not registered in my name but are held in the name of an Intermediary (a bank, trust company, securities dealer, broker, trustee or other), how do I vote my shares?" on page 5 for voting instructions.

Q: What if I plan to attend the meeting and vote in person?

A: If you are a registered shareholder and plan to attend the meeting on May 1, 2014 and wish to vote your shares in person at the meeting, please register with CST Trust Company, Brookfield Residential's transfer agent, upon your arrival at the meeting. Your vote will be taken and counted at the meeting. If your Common Shares are held in the name of an Intermediary, please refer to the answer to the question "If my Common Shares are not registered in my name but are held in the name of an Intermediary (a bank, trust company, securities dealer, broker, trustee or other), how do I vote my shares?" on page 5 for voting instructions.

Q: Who is soliciting my proxy?

A: **The form of proxy sent to you is being solicited by management of Brookfield Residential** and the associated costs will be borne by Brookfield Residential. The solicitation will be made primarily by mail and email and, in relation to the delivery of this Circular, by posting this Circular on our website at www.brookfieldrdp.com and on our SEDAR profile at www.sedar.com pursuant to Notice and Access, but may also be made by telephone or in person by regular employees of the Corporation at nominal cost.

Q: What if I sign the form of proxy sent to me?

A: Signing the form of proxy sent to you gives authority to Robert L. Stelzl or Alan Norris (each of whom is a director of Brookfield Residential), or to another person you have appointed, to vote your Common Shares at the meeting.

Q: Can I appoint someone other than these directors to vote my shares?

A: Yes. **You have the right to appoint a person or company other than the Brookfield Residential directors named on the form of proxy to be your proxyholder.** Write the name of this person (or company), who need not be a shareholder, in the blank space provided in the form of proxy. It is important to ensure that any other person you appoint is attending the meeting and is aware that he, she or it has been appointed to vote your shares. Proxyholders should, upon arrival at the meeting, present themselves to a representative of CST Trust Company.

Q: What do I do with my completed proxy?

A: Return it to Brookfield Residential's transfer agent, CST Trust Company, in the envelope provided, by fax at (416) 368-2502 or 1-866-781-3111, or by email to proxy@canstockta.com by no later than 5:00 p.m. (Toronto time) on **Tuesday, April 29, 2014** or two days (excluding Saturdays, Sundays and holidays) before the day of the adjourned meeting.

Q: Can I vote by Internet?

A: If you are a registered shareholder, go to www.cstvotemyproxy.com and follow the instructions. You will need your control number (located under your address on the form of proxy) to identify yourself to the system. You must submit your vote by no later than 5:00 p.m. (EDT) on **Tuesday, April 29, 2014** or two days (excluding Saturdays, Sundays and holidays) before the day of the adjourned meeting.

Q: If I change my mind, can I submit another proxy or take back my proxy once I have given it?

A: Yes. If you are a registered shareholder and wish to submit another proxy, you may deliver another properly executed form of proxy bearing a later date and depositing it as described above. If you wish to revoke your proxy, prepare a written statement to this effect. The statement must be signed by you or your attorney as authorized in writing or, if the shareholder is a corporation, under its corporate seal or by an officer or attorney of the corporation duly authorized. **This statement must be delivered to the Corporate Secretary of Brookfield Residential at the following address no later than 5:00 p.m. (MDT) on the last business day preceding the date of the meeting, Wednesday, April 30, 2014, or any adjournment of the meeting, or to the Chair of the Corporation's Board of Directors on the day of the meeting, Thursday, May 1, 2014, or the day of the adjourned meeting:**

Shane D. Pearson
Corporate Secretary
Brookfield Residential Properties Inc.
4906 Richard Road SW
Calgary, Alberta T3E 6L1

Fax: (403) 231-8960

A non-registered shareholder may revoke a voting instruction form or a waiver of the right to receive meeting materials and to vote previously given to an Intermediary at any time by written notice to the Intermediary, except that an Intermediary is not required to act on a revocation of a voting instruction form or of a waiver of the right to receive materials and to vote that is not received by the Intermediary at least seven days prior to the meeting.

Q: How will my shares be voted if I give my proxy?

A: The persons named on the form of proxy must vote for or against or withhold from voting, as applicable, your Common Shares in accordance with your directions and on any ballot that may be called for, or you can let your proxyholder decide for you. In the absence of such directions, proxies received by management will be voted **in favour of** the election of directors of the Board, the appointment of the external auditor and authorizing the directors to set its remuneration and the approval, on a non-binding advisory basis, of the compensation of the

Corporation's named executive officers, as such information is disclosed in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative disclosure in this Circular.

Q: What if amendments are made to these matters or if other matters are brought before the meeting?

- A: The persons named in the form of proxy will have discretionary authority with respect to amendments or variations to matters identified in the accompanying Notice and with respect to other matters which may properly come before the meeting.

As of the date of this Circular, management of Brookfield Residential knows of no such amendment, variation or other matter expected to come before the meeting. If any other matters properly come before the meeting, the persons named in the form of proxy will vote on them in accordance with their best judgment.

Q: Who counts the votes?

- A: Brookfield Residential's transfer agent, CST Trust Company, counts and tabulates the proxies.

Q: If I need to contact the transfer agent, how do I reach them?

- A: For general shareholder enquiries, you can contact CST Trust Company by mail at:

CST Trust Company
P.O. Box 700
Station B
Montreal, Quebec H3B 3K3

or by telephone: (416) 682-3860
within Canada and the United States toll-free at 1-800-387-0825;

or by fax: (514) 985-8843 or 1-888-249-6189;

or by email at inquiries@canstockta.com;
website: www.canstockta.com.

Q: If my Common Shares are not registered in my name but are held in the name of an Intermediary (a bank, trust company, securities dealer, broker, trustee or other), how do I vote my shares?

- A: In many cases, Common Shares of the Corporation which are beneficially owned by a non-registered shareholder (a "**Non-Registered Shareholder**") are registered either:
- a) in the name of an Intermediary that the Non-Registered Shareholder deals with in respect of the shares such as, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or
 - b) in the name of a depository (such as CDS Clearing and Depository Services Inc.) of which the Intermediary is a participant.

As required by Canadian securities legislation, you will have received from your Intermediary a voting instruction form for the number of Common Shares you beneficially own.

Voting In Person

Since Brookfield Residential has limited access to the names of its Non-Registered Shareholders, if you attend the meeting Brookfield Residential may have no record of your shareholdings or of your entitlement to vote unless your Intermediary has appointed you as proxyholder. Therefore, if you wish to vote in person at the meeting, insert your name in the space provided on the voting instruction form and return it by following the

instructions provided. Do not otherwise complete the form as your vote will be taken at the meeting. Please register with CST Trust Company upon your arrival at the meeting.

Directing Your Vote through the Voting Information Form

In accordance with the requirements of NI 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer*, the Corporation has distributed copies of the Notice Package to the depository and to Intermediaries for onward distribution to non-registered shareholders. Intermediaries are required to forward the Notice Package to non-registered shareholders.

Non-registered shareholders who have not opted for electronic delivery will receive a voting instruction form. The purpose of this form is to permit non-registered shareholders to direct the voting of the shares they beneficially own. Non-registered shareholders should follow the procedures set out on the form and contact their Intermediaries promptly if they need assistance.

If a non-registered shareholder does not wish to attend and vote at the meeting in person (or have another person attend and vote on his or her behalf), the voting instruction form must be completed, signed and returned in accordance with the directions on the form. Voting instruction forms in some cases permit the completion of the voting instruction form by telephone or through the Internet. If a non-registered shareholder wishes to attend and vote at the meeting in person (or have another person attend and vote on his or her behalf), the non-registered shareholder must complete, sign and return the voting instruction form in accordance with the directions provided.

Broker Non-Vote

A broker non-vote occurs when an Intermediary holding shares for a Non-Registered Shareholder submits a proxy for the meeting, but does not vote on a particular proposal because that Intermediary does not have discretionary voting power with respect to that “non-routine” proposal and has not received voting instructions from the Non-Registered Shareholder. Each of the election of directors and the non-binding, advisory vote to approve executive compensation is a “non-routine” proposal and so shares for which Intermediaries do not receive voting instructions will not be voted on such matters.

PRINCIPAL HOLDERS OF VOTING SECURITIES

Other than as described below, to the knowledge of the directors and executive officers of the Corporation, no person or company beneficially owns, or controls or directs, directly or indirectly, voting securities of the Corporation carrying more than 10% of the votes attached to any class of outstanding voting securities of the Corporation.

As at March 17, 2014, Brookfield Asset Management Inc. (“**Brookfield Asset Management**”) beneficially owns, or controls or directs, directly or indirectly, 81,493,112 Common Shares in the capital of the Corporation, representing approximately 68.5% of the outstanding Common Shares of the Corporation. Brookfield Asset Management is an asset management company listed on the New York Stock Exchange, the Toronto Stock Exchange and the NYSE Euronext.

PART TWO – BUSINESS OF THE MEETING

We will be addressing four items at the meeting:

1. Receiving the consolidated financial statements of the Corporation for the fiscal year ended December 31, 2013, including the external auditor’s report;
2. Electing directors who will serve until the end of the next annual meeting of shareholders;
3. Appointing the external auditor that will serve until the end of the next annual meeting of shareholders and authorizing the directors to set its remuneration; and
4. Approval, on a non-binding advisory basis, of the compensation of the Corporation’s named executive officers, as such information is disclosed in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative disclosure in this Circular.

We will also consider other business that may properly come before the meeting.

As of the date of this Circular, management is not aware of any changes to these items and does not expect any other items to be brought forward at the meeting. If there are changes or new items, you or your proxyholder can vote your shares on these items as you, he, she or it sees fit.

1. RECEIVING THE CONSOLIDATED FINANCIAL STATEMENTS

The annual financial statements of the Corporation for the fiscal year ended December 31, 2013 are included in the Corporation’s 2013 Annual Report. Management will review the Corporation’s consolidated financial results at the meeting and shareholders and proxyholders will be given an opportunity to discuss these results with management. The 2013 Annual Report is available on the Corporation’s website, [www.brookfieldrp.com/notice and access](http://www.brookfieldrp.com/notice_and_access) and on SEDAR at www.sedar.com.

2. ELECTION OF DIRECTORS

The Board is comprised of 8 members, all of whom are to be elected at the meeting. The following persons are proposed as nominees for election by the holders of Common Shares:

- Bruce T. Lehman
- Alan Norris
- Timothy R. Price
- Robert L. Stelzl
- Patricia M. Newson
- Allan S. Olson
- David M. Sherman
- Michael D. Young

Majority Voting for Directors

The Board has adopted a policy stipulating that, if the total number of Common Shares voted in favour of the election of a director nominee at a shareholders' meeting represents less than a majority of the total shares voted and withheld for that director, the nominee will submit his or her resignation promptly after the meeting for the Governance and Nominating Committee's consideration. The Committee will make a recommendation to the Board after reviewing the matter, and the Board's decision to accept or reject the resignation offer will be disclosed to the public. The policy does not apply in circumstances involving contested director elections.

Voting by Proxy

On any ballot that may be called for in the election of directors, the management representatives designated on the form of proxy to be completed by holders of Common Shares intend to cast the votes in favour of the proposed nominees for election as set forth on pages 8 to 12 of this Circular, unless the shareholder who has given such proxy has directed that such shares be otherwise voted or withheld from voting in the election of directors.

Director Nominees

The Board recommends that the 8 director nominees be elected at the meeting of shareholders on May 1, 2014 to serve as directors of the Corporation until the end of the next annual meeting of shareholders or until their successors are elected or appointed.

All of the proposed nominees were appointed as members of the Board effective May 2, 2013.

We do not expect that any of the director nominees will be unable to serve as a director. If, however, a director nominee tells us before the meeting that he or she will be unable to serve as a director, the management representatives designated in the enclosed form of proxy, unless directed to withhold from voting in the election of directors, reserve the right to vote for other director nominees at their discretion.

The following pages set out additional information about the 8 director nominees, including all major positions and offices currently held in the Corporation by each director nominee, his or her principal occupation or employment, the year in which he or she was first appointed a director of the Corporation, and the approximate number of each class of securities of the Corporation that each director nominee has advised the Corporation are beneficially owned, directly or indirectly, or subject to control or direction by the director nominee as at March 17, 2014.

Director Attendance

During 2013, the Board and its Committees held nine meetings in total, which were comprised of five regularly scheduled meetings of the Board, including one meeting to review the Corporation's annual business plan and long-term strategic plan, and four special meetings to deal with specific items of business; four meetings of the Audit Committee; two meetings of the Governance and Nominating Committee; and four meetings of the Management Resources and Compensation Committee. Director attendance at these meetings is shown in the tables on pages 8 to 12 of this Circular. Private sessions of the independent directors without management present were held after all regularly scheduled quarterly Board meetings.

3. APPOINTMENT OF EXTERNAL AUDITOR

On recommendation of the Audit Committee, the Board proposes the reappointment of Deloitte LLP as the external auditor of the Corporation. Deloitte LLP is the principal external auditor of the Corporation and has served as the external auditor of the Corporation since being appointed in 2011. Deloitte LLP is independent of the Corporation within the meaning of the Rules of Professional Conduct of the Institute of Chartered Accountants of Alberta. The appointment of the external auditor must be approved by a majority of the votes cast by holders of Common Shares who vote in respect of the resolution.

On any ballot that may be called for in the appointment of the external auditor, the management representatives designated in the enclosed form of proxy intend to vote such shares in favour of reappointing Deloitte LLP, Independent Registered Chartered Accountants, as the external auditor, and authorizing the

directors to set the remuneration to be paid to the external auditor, unless the shareholder has specified in the enclosed form of proxy that the shares represented by such proxy are to be withheld from voting in relation to the appointment of the external auditor.

Principal Accounting Firm Fees and Services

Aggregate fees billed to the Corporation and its subsidiaries for the fiscal year ended December 31, 2013 by Deloitte LLP amounted to approximately \$1,698,585. From time to time, Deloitte LLP also provides consultative and other non-audit services to the Corporation and its subsidiaries and affiliates. The Audit Committee has adopted a policy regarding the provision of non-audit services by the external auditor. This policy, which is periodically reviewed and updated, requires Audit Committee pre-approval of permitted audit, audit-related and non-audit services. It also specifies a number of services the provision of which is not permitted by the external auditor, including the use of the external auditor for the preparation of financial information, system design and implementation assignments.

The following table sets forth further information on the fees billed by Deloitte LLP to the Corporation and its consolidated subsidiaries for the fiscal year ended December 31, 2013, expressed in U.S. dollars.

	2013			2012		
	Brookfield Residential	Subsidiaries of Brookfield Residential	Total	Brookfield Residential	Subsidiaries of Brookfield Residential	Total
Audit fees	\$1,018,126	\$91,302	\$1,109,428	\$1,086,906	\$87,535	\$1,174,441
Audit-related fees	377,576	20,000	397,576	24,135	—	24,135
Tax fees	—	—	—	—	—	—
Other fees	191,581	—	191,581	125,050	—	125,050
Total	\$1,587,283	\$111,302	\$1,698,585	\$1,236,091	\$87,535	\$1,323,626

Audit fees include fees for services that would normally be provided by the external auditor in connection with statutory and regulatory filings or engagements, including fees for services necessary to perform an audit or review in accordance with generally accepted auditing standards. This category also includes services that generally only the external auditor reasonably can provide, including comfort letters, statutory audits of public companies, investment funds and financial statements in connection with property-specific and subsidiary financings, attest services, consents and assistance with and review of certain documents filed with securities regulatory authorities.

Audit-related fees are for assurance and related services, such as due diligence services, that traditionally are performed by the external auditor. More specifically, these services include, among others: assistance in connection with Section 404 of the U.S. *Sarbanes-Oxley Act of 2002* (“**Sarbanes-Oxley Act**”), employee benefit plan audits, due diligence related to securities filings, securities offerings and mergers and acquisitions, accounting consultations and audits in connection with acquisitions, and attest services that are not required by statute or regulation such as consultation concerning financial accounting and reporting standards.

Tax fees are principally for assistance in tax return preparation and tax advisory services. All other fees include fees for translation, litigation and advisory support services.

The Audit Committee has received representations from Deloitte LLP regarding its independence and has considered the relations described above in arriving at its determination that Deloitte LLP is independent of the Corporation.

4. NON-BINDING ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

The Corporation is seeking an advisory (non-binding) vote on the compensation paid to the Corporation's named executive officers, as disclosed in this Circular, including the Compensation Discussion and Analysis, compensation tables and narrative discussion. The Board of Directors has determined that it will hold an advisory vote on executive compensation on an annual basis.

This vote, commonly known as a Say-On-Pay proposal, gives holders of Common Shares the opportunity to express their views on the compensation of the Corporation's named executive officers. This vote is not intended to address any specific item of compensation, but the overall compensation of the named executive officers and the principles, policies and practices described in this Circular. As this is an advisory vote, the result will not be binding on the Corporation, the Board of Directors or the Compensation Committee. However, the Board of Directors and the Compensation Committee value the opinions of Shareholders and intend to take into account the results of the vote when considering future compensation decisions for the named executive officers.

On any ballot that may be called for in the advisory approval of the proposal on named executive officer compensation, the director representatives designated in the enclosed form of proxy intend to vote such shares in favour of a resolution to approve, on a non-binding advisory basis, the compensation of the Corporation's named executive officers, unless the shareholder has specified in the enclosed form of proxy that the shares represented by such proxy are to be withheld from voting in relation to the approval, on a non-binding advisory basis, of the compensation of the Corporation's named executive officers.

PART THREE– STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Corporate governance relates to the activities of the Board, the members of which are elected by and are accountable to the shareholders, and takes into account the role of the Corporation's executive officers who are appointed by the Board and who are charged with the ongoing management of the Corporation. The Board encourages sound corporate governance practices designed to promote the long-term well-being and ongoing development of the Corporation, having always as its ultimate objective the best interests of the Corporation.

The Board is of the view that the Corporation's corporate governance policies and practices, outlined below, are comprehensive and consistent with the guidelines for corporate governance adopted by Canadian securities administrators. The Board is also of the view that these policies and practices are consistent with the requirements of the New York Stock Exchange and the applicable provisions under the Sarbanes-Oxley Act.

BOARD OF DIRECTORS

Mandate of the Board

Brookfield Residential's Board oversees the management of the Corporation's business and affairs directly and through three existing standing committees (the "**Committees**"). In doing so, the Board acts at all times with a view to the best interests of the Corporation. The responsibilities of the Board and each Committee are set out in written charters, which are reviewed and approved annually. The Board's Charter is set out in full in Appendix A of this Circular. The written charters for the Committees are posted on the Corporation's website, www.brookfieldrp.com, under *About Us/Governance/Committees*.

In fulfilling its mandate, the Board is, among other things, responsible for the following:

- overseeing the Corporation's overall long-term strategic planning process and reviewing and approving its annual business plan;
- assessing the principal risks of the Corporation's business and reviewing, approving and monitoring the systems in place to manage these risks;
- reviewing the major strategic initiatives to determine whether the Corporation's proposed actions accord with long-term business strategies and shareholder objectives;

- appointing the Chief Executive Officer, overseeing the selection of other members of senior management and reviewing succession planning;
- assessing management's performance against approved business plans;
- reviewing and approving the reports issued to shareholders, including annual and interim financial statements;
- promoting the effective operation of the Board;
- overseeing the Corporation's compliance with applicable laws and regulations; and
- safeguarding shareholders' equity interests through the effective utilization of the Corporation's capital resources, including issuance of debt and equity securities and setting an appropriate dividend policy.

Meetings of the Board

The Board meets at least once in each quarter, with additional meetings held to consider specific items of business or as deemed necessary. The Board also meets annually to review the Corporation's annual business plan, which includes the Corporation's long-term strategy. In 2013, there were five regularly scheduled meetings, including one meeting to review the Corporation's annual business plan and long-term strategy, and four special meetings of the Board to review specific items of business. Five regular meetings, including one annual business plan and strategy meeting, are scheduled for 2014. Meeting frequency and agenda items may change depending on the opportunities or risks faced by the Corporation. The agenda for regularly scheduled Board meetings is set by the Chair, with input from the Chief Executive Officer and Chief Financial Officer, prior to circulation to the full Board.

Director Meetings Without Management

Private sessions of the independent directors without management present are held after all regularly scheduled quarterly and, if necessary, special Board meetings, and are chaired by the Chair, who reports back to the Chief Executive Officer on any matters requiring action by management. In 2013, the independent directors held five private sessions. Private sessions of the Committees without management present may also be held after Committee meetings, chaired by the Committee Chair, who reports back to the appropriate executive on any matters requiring action by management.

Size and Composition of the Board

The articles of amendment and the amended and restated by-laws of the Corporation provide that the Board will consist of a minimum of three and a maximum of nine members. The Board currently has 8 directors. The Corporation considers this to be an appropriate number at this time to provide for an effective and efficient Board given the nature of the business and operations of the Corporation.

Independent Directors

The Board has a policy that at least a majority of its directors should be independent directors in order to ensure that the Board's interests are closely aligned with its shareholders. The following table describes the independence status of the directors proposed as nominees for election at the meeting.

Independence Status of the Nominated Directors				Reason for Related Status
	Independent	Related	Management	
Bruce T. Lehman	✓			Mr. Norris is President and Chief Executive Officer of the Corporation
Patricia M. Newson	✓			
Alan Norris		✓	✓	
Allan S. Olson	✓			Mr. Price is Chairman of Brookfield Funds
Timothy R. Price		✓		
David M. Sherman	✓			
Robert L. Stelzl	✓			
Michael D. Young	✓			

The Corporation surveys its directors annually to obtain information necessary to make a determination regarding their independence. Following a review of this information, the Governance and Nominating Committee recommends to the Board a specific determination regarding the directors considered to be independent. On this basis, the Board considers that 6 of the 8 proposed director nominees for election at the 2014 Annual Meeting of Shareholders, comprising 75% of the Board, are independent based on the above criteria. All of the proposed director nominees are incumbent directors. The Board considers that, except for the relationships described next, the 6 independent nominees are also free of any interest in or current or recent relationship with the Corporation's principal shareholder, Brookfield Asset Management: Robert L. Stelzl also serves as an independent director of Brookfield Office Properties, an affiliate of Brookfield Asset Management and the Corporation; Allan S. Olson was a former independent director of Brookfield Office Properties; and Patricia M. Newson was a former independent director of Brookfield Asset Management.

The other two directors proposed for nomination, Alan Norris and Timothy R. Price, comprising 25% of the Board, are considered to be related directors since they have current or recent interests in or are related to the Corporation or its principal shareholder, Brookfield Asset Management or its affiliates. Mr. Norris is the President and Chief Executive Officer of the Corporation. Mr. Price is Chairman of Brookfield Funds.

Information on each of the 8 proposed nominees for election at the meeting is set out on pages 8 to 12 of this Circular.

Areas of Director Expertise

The Corporation endeavours to ensure that the Board is comprised of directors with the areas of expertise required to ensure effective governance of the Corporation and provide strategic advice to management. Each year, the Corporation surveys the incumbent directors and any additional directors proposed for nomination to identify their areas of expertise. The results of this survey are reviewed by the Governance and Nominating Committee as a basis for identifying additional areas of expertise to be addressed in recruiting new directors.

Interlocking Directorships

There are no interlocking directorships among the Corporation's directors.

Director Orientation and Education

New directors are provided with information about the Corporation on their election or appointment to the Board. Time is set aside at all regularly scheduled Board meetings for presentations on different areas of the Corporation's business. Directors are encouraged to suggest topics for discussion or special presentations at regularly scheduled Board meetings and the annual business plan and strategy session. Director dinners are held prior to or immediately following most regularly scheduled Board meetings with senior management present, providing an opportunity for informal discussion and director and management presentations on selected topics of interest.

Board Renewal

The Corporation does not have a mandatory age for the retirement of directors. Instead, the Governance and Nominating Committee reviews the composition of the Board on a regular basis in relation to approved director criteria and skill requirements and recommends changes as appropriate to renew the Board.

Director Expectations

The Board has adopted a Charter of Expectations for Directors, which sets out the Corporation's expectations in regard to personal and professional competencies, share ownership, meeting attendance, conflicts of interest, changes of circumstance and resignation events. Directors are expected to identify in advance any potential conflict of interest regarding a matter coming before the Board or its Committees, bring these to the attention of the Board or Committee Chair and refrain from voting on such matters. Directors are also expected to submit their resignations to the Chair of the Board if they become unable to attend at least 75% of the Board's regularly scheduled meetings or if they become involved in a legal dispute, regulatory or similar proceedings, take on new responsibilities or experience other changes in personal or professional circumstances that could adversely impact the Corporation or their ability to serve as director. This Charter is reviewed annually and a copy is posted on the Corporation's website, www.brookfieldrp.com, under *About Us/Governance*. Further information on director share ownership requirements is set out under "Director Share / DSU Ownership Requirements" commencing on page 23 of this Circular.

COMMITTEES OF THE BOARD

The Board believes that its Committees assist in the effective functioning of the Board and help ensure that the views of independent directors are effectively represented.

The Board has three Committees:

- the Audit Committee;
- the Governance and Nominating Committee; and
- the Management Resources and Compensation Committee (the "**Compensation Committee**").

The responsibilities of these Committees are set out in written charters, which are reviewed and approved annually by the Board of Directors. The Charters of these Committees and the Position Descriptions of the Committee Chairs can be found on the Corporation's website, www.brookfieldrp.com, under *About Us/Governance/Committees*. It is the Board's policy that all members of these Committees must be independent directors, as described above. Special committees may be formed from time to time as required to review particular matters or transactions. While the Board retains overall responsibility for corporate governance matters, the Audit Committee, the Governance and Nominating Committee and the Compensation Committee each have specific responsibilities for certain aspects of corporate governance, in addition to their other responsibilities as described below.

Audit Committee

The Audit Committee is responsible for monitoring the Corporation's systems and procedures for financial reporting, risk management and internal controls and the performance of the Corporation's external and internal auditors. It is responsible for reviewing certain public disclosure documents prior to their approval by the full Board and release to the public including, among others, the Corporation's quarterly and annual financial statements and management's discussion and analysis. The Audit Committee is also responsible for recommending to the Board the firm of chartered accountants to be nominated for appointment as the external auditor, and for approving the assignment of any non-audit work to be performed by the external auditor. The Audit Committee meets regularly in private session with the Corporation's external and internal auditors, without management present, to discuss and review specific issues as appropriate. The Audit Committee met four times in 2013 and once to date in 2014.

In addition to being independent directors as described above, all members of the Audit Committee must meet an additional “independence” test under the Sarbanes-Oxley Act, in that their directors fees must be the only compensation they, or their firms, receive, directly or indirectly, from the Corporation. The Audit Committee has also adopted a requirement that all its members disclose any form of association with a present or former internal or external auditor of the Corporation, in addition to the current requirement to disclose a professional or employment relationship to the Governance and Nominating Committee for a determination as to whether this association affects the independent status of the director.

At March 17, 2014, the Audit Committee was comprised of the following three directors, Patricia M. Newson (Chair), Bruce T. Lehman and Allan S. Olson. All three directors are independent and meet the additional criteria for independence described above. The Board considers that all three members of the Audit Committee are financially literate (within the meaning of the applicable securities laws), as each has the ability to read and understand a set of financial statements that present a breadth and level of complexity of the issues that can reasonably be expected to be raised by the Corporation’s financial statements.

For more information about the Audit Committee as required by Part 5 of National Instrument 52-110 – *Audit Committees*, see our Annual Information Form available on SEDAR at www.sedar.com.

Governance and Nominating Committee

It is the responsibility of the Governance and Nominating Committee, in consultation with the Chair, to assess on an annual basis the size and composition of the Board and its Committees; to review the effectiveness of the Board’s operations and its relationship with management; to assess the performance of the Board, its Committees and individual directors and to review the Corporation’s statement of corporate governance practices.

The Governance and Nominating Committee reviews the performance of the Board, its Committees and the contribution of individual directors on an annual basis. The Board has in place a formal procedure for evaluating the performance of the Board, its Committees and individual directors, consisting of questionnaires and a report from the Chair of the Governance and Nominating Committee.

The Governance and Nominating Committee is responsible for reviewing the credentials of proposed nominees for election or appointment to the Board and for recommending candidates for Board membership, including the candidates proposed to be nominated for the election to the Board at the annual meeting of shareholders. Candidates are assessed in relation to the criteria established by the Board to ensure it has the appropriate mix of talent, quality, skills and other requirements necessary to promote sound governance and Board effectiveness.

The Governance and Nominating Committee reviews, at least once a year, the composition of the Board’s Committees to ensure that Committee membership complies with the relevant governance guidelines and that the work load for its independent directors is balanced. In doing so, the Committee consults with the Chair of the Board and makes recommendations to the Board, which appoints Committee members. The Corporation’s Chief Executive Officer does not participate in this process.

At March 17, 2014, the Governance and Nominating Committee was comprised of the following three directors, David M. Sherman (Chair), Allan S. Olson and Michael D. Young, all of whom are independent directors. The Governance and Nominating Committee met twice in 2013 and once to date in 2014.

Management Resources and Compensation Committee (the “Compensation Committee”)

The Compensation Committee is responsible for reviewing and reporting to the Board on management resource planning including succession planning and proposed senior management appointments, the job descriptions and annual objectives of its senior executives, the form of executive compensation in general, and the levels of compensation of the Chief Executive Officer and other senior executives. The Committee also reviews the performance of senior management against written objectives and reports thereon to the Board. Further, the Committee reviews and recommends the directors’ compensation.

At March 17, 2014, the Compensation Committee was comprised of the following three directors, Bruce T. Lehman (Chair), Robert L. Stelzl and Michael D. Young, all of whom are independent directors. The Compensation Committee met four times in 2013 and once to date in 2014.

BOARD, COMMITTEE AND DIRECTOR EVALUATION

The Board believes that a regular and formal process of evaluation improves the performance of the Board as a whole, its Committees and individual directors. Each year, a survey is sent to directors regarding the effectiveness of the Board and its Committees, inviting comments and suggestions on areas for improvement. The results of this survey are reviewed by the Governance and Nominating Committee, which makes recommendations to the Board as required.

BOARD AND MANAGEMENT RESPONSIBILITIES

Board Positions

The positions of Chair of the Board and Chief Executive Officer are separate, and are held by Robert L. Stelzl and Alan Norris, respectively. The Board has adopted written position descriptions for the Chair of the Board and Chief Executive Officer, which are summarized below, as well as position descriptions for the Committee Chairs. Mr. Stelzl, the current Chair of the Board, is independent. In the event that the Chair of the Board is ever deemed not to be independent, the Board will nominate a Lead Director who is independent to act as the effective leader of the Board. The Board has also adopted a written position description for the Lead Director. All position descriptions are reviewed annually by the Board and posted on the Corporation's website, www.brookfieldrp.com, under *About Us/ Governance*.

The Chair of the Board manages the business of the Board and ensures that the functions identified in its Charter are being carried out effectively by the Board and its Committees. In addition, the Chair of the Board is responsible for the following functions: preparing the agenda for each Board meeting in consultation with the Chief Executive Officer and Chief Financial Officer; ensuring directors receive the information required to perform their duties; ensuring an appropriate Committee structure and making initial recommendations for Committee appointments; ensuring that an appropriate system is in place to evaluate the performance of the Board as a whole, its Committees and its individual directors; and, working with the Chief Executive Officer and senior management of the Corporation to monitor progress on strategic planning, policy implementation and succession planning. The Chair also presides over all private sessions of the independent directors of the Board and is responsible for ensuring that matters raised during these meetings are reviewed with management and acted upon in a timely fashion. Finally, the Chair acts as a liaison among the independent directors and the other directors.

The Chief Executive Officer provides leadership to the Corporation and, subject to approved policies and direction by the Board, manages the business and affairs of the Corporation and oversees the execution of its strategic plan. In addition, the Chief Executive Officer is responsible for the following functions: presenting to the Board for approval an annual strategic plan for the Corporation; presenting to the Board for approval the capital and operating plans to implement approved strategies on an ongoing basis; acting as the primary spokesman for the Corporation; presenting to the Board for approval an annual assessment of senior management and succession plans; recommending the appointment or termination of any senior executive of the Corporation; and, together with the Chief Financial Officer, ensuring that controls and procedures are in place to ensure the accuracy and integrity of the Corporation's financial reporting and public disclosures.

Management's Relationship to the Board

The responsibility of management includes safeguarding the Corporation's assets and long-term shareholder value. In the event that management's performance is found to be inadequate, the Board has the responsibility to bring about change to enable the Corporation to perform satisfactorily. Brookfield Residential's governance principles are intended to encourage autonomy and effective decision making on the part of management, while ensuring scrutiny by the Board and its Committees.

The Corporation's Chief Executive Officer reports to and is accountable to the Board. The President and Chief Executive Officer of the Corporation, Alan Norris, is also a member of the Board. At its meetings, the Board

regularly engages in a private session with the Corporation's most senior executives without other members of management present. The Board also meets independently of all management and related directors at the conclusion of every regularly scheduled Board meeting, under the leadership of the Chair.

Management and other related directors do not sit on any of the Board's Committees. Members of management and other directors attend Committee meetings at the invitation of the Committee Chairs. The Committees also meet independently of all members of management and related directors at the conclusion of most Committee meetings.

Management Accountability

The Board believes in the importance of developing annual business plans to ensure the compatibility of shareholder, Board and management views on the Corporation's strategic direction and performance targets, and the effective utilization of shareholder capital. A meeting of the Board is held each year which is dedicated to reviewing the strategic initiatives and annual business plan submitted by senior management. The Board's approval of the annual business plan provides a mandate for senior management to conduct the affairs of the Corporation within the terms of the plan, knowing it has the necessary Board support. Material deviations from the annual business plan are reported to and considered by the Board.

Board and Committee Information

The information provided by management to directors is considered to be important for director effectiveness. In addition to the reports presented to the Board and its Committees at regularly scheduled and special meetings, the directors are also kept informed on a timely basis by management of corporate developments and key decisions taken by management in pursuing the Corporation's strategic plan and the attainment of its objectives. The directors annually evaluate the quality, completeness and timeliness of information provided by management to the Board. Orientation and education is provided for new directors.

COMMUNICATION AND DISCLOSURE POLICIES

The Corporation has adopted a Disclosure Policy which summarizes its policies and practices regarding disclosure of material information to investors, analysts and the media. The purpose of this policy is to ensure that the Corporation's communications with the investment community are timely, consistent and in compliance with all applicable securities legislation. This Corporate Disclosure Policy is reviewed annually by the Board and posted on the Corporation's website, www.brookfieldrp.com, under *About Us/Governance*.

The Corporation endeavours to keep its shareholders informed of its progress through a comprehensive annual report, quarterly interim reports and periodic news releases. It also maintains a website that provides summary information on the Corporation and ready access to its published reports, news releases, statutory filings and supplementary information provided to analysts and investors. Directors and management meet with the Corporation's shareholders at the annual meeting of shareholders and are available to respond to questions at that time. Shareholders who wish to contact the Chair or other Board members can do so directly or through the Corporate Secretary of Brookfield Residential.

The Corporation also maintains an investor relations program to respond to inquiries in a timely manner. Management meets on a regular basis with investors and investment analysts and hosts quarterly conference calls and web casts to discuss the Corporation's financial results. The Corporation also endeavours to ensure that the media are kept informed of developments on a timely basis, and have an opportunity to meet and discuss these developments with the Corporation's designated spokespersons.

CODE OF BUSINESS CONDUCT AND ETHICS

It is the policy of the Corporation that all its activities be conducted with the highest standards of honesty and integrity and in compliance with all legal requirements. In March 2011, the Board approved a Code of Business Conduct and Ethics (the "Code") for the directors, officers and employees of the Corporation and its subsidiaries. The Code formally sets out standards for behaviour and practice and requires all directors, officers and employees to indicate in writing their familiarity with the Code and their agreement to comply with it, and provides that it will be updated periodically as required to reflect changes in the Corporation's business activities and evolving standards

and practices. The Code is given to all directors, officers and employees when they join the Corporation and directors, officers and employees are required to re-certify to the Code periodically.

The Code is reviewed annually by the Board and will be updated as considered necessary. Compliance with the Code is monitored by the Board through its Audit Committee, which receives regular reports on any compliance issues from the internal auditor.

The Code is posted on the Corporation's website, www.brookfieldrp.com, under *About Us/ Governance* and is filed on SEDAR at www.sedar.com.

PART FOUR — REPORT ON DIRECTOR COMPENSATION AND EQUITY OWNERSHIP

DIRECTOR COMPENSATION

Directors who are not officers of the Corporation are currently entitled to receive an annual director's retainer of \$100,000 (C\$102,955). For 2013, the director's annual retainer was \$75,000 (C\$77,216). The Chair of the Board receives an additional annual retainer of \$75,000 (C\$77,216). The Chair of the Audit Committee receives an additional annual retainer of \$20,000 (C\$20,591), and the Chair of the Governance and Nominating Committee and the Chair of the Compensation Committee each receive an additional annual retainer of \$10,000 (C\$10,295). Directors are required to receive at least 50% of their annual director's retainer in Deferred Share Units ("DSUs") until they hold Common Shares or DSUs with a value equal to two times their directors' annual retainer. Thereafter, directors may elect to receive their annual retainer in either cash or DSUs, or any combination thereof. There are no other regular fees paid to Board members, including any fees for attendance at Board and Committee meetings or for Committee membership. Directors are reimbursed for travel and other out-of-pocket expenses incurred in connection with attending Board or Committee meetings.

The Board, through its Compensation Committee, reviews from time to time the compensation paid to the Corporation's directors, taking into account the complexity of the Corporation's operations, the risks and responsibilities involved in being a director of the Corporation, the requirement to participate in scheduled and special Board meetings, expected participation on Committees of the Board and the compensation paid to directors of comparable companies. Director compensation was reviewed by the Board in the first quarter of 2014, when it was determined to increase the director's annual retainer to \$100,000.

In 2013, the directors, excluding Mr. Norris (the President and Chief Executive Officer of the Corporation), collectively earned annual director compensation having a total value of \$640,000. This was comprised of cash compensation of \$321,250 and DSUs valued at \$318,750.

The following table sets out compensation earned during 2013 by the Corporation's directors:

DIRECTOR SHARE / DSU OWNERSHIP REQUIREMENTS

The Board believes that directors can better represent the Corporation's shareholders if they are shareholders themselves. Accordingly, the Corporation requires directors to hold Common Shares or DSUs equal in value to at least twice their annual director's retainer, as established by the Board. This minimum ownership requirement is currently \$200,000 (C\$205,910). The Corporation considers this minimum ownership requirement to be consistent with best practice. For new directors, this minimum share ownership requirement must be achieved within five years of joining the Board.

Furthermore, independent directors are required to receive at least one-half of their annual director's retainer in DSUs until the above ownership threshold is reached. Directors may elect to take the other one-half of their annual director's retainer in the form of either DSUs or cash.

As of March 17, 2014, all of the proposed nominees for election to the Board own Common Shares and DSUs having a market value in excess of the above ownership requirement.

PART FIVE – REPORT ON EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Introductory Note

On October 4, 2010, Brookfield Office Properties, Brookfield Homes and Brookfield Residential entered into a definitive agreement to combine Brookfield Homes and the North American residential land and housing division of Brookfield Office Properties ("**BPO Residential**") into Brookfield Residential. The merger closed on March 31, 2011. Given that the Corporation did not become a reporting issuer until March 31, 2011, certain compensation decisions with respect to compensation of the Corporation's Chief Executive Officer for 2010 were made by the Compensation Committee during May 2011. Compensation decisions for the other Named Executive Officers (defined below) for the 2010 fiscal year were made by their respective predecessor employers prior to March 31, 2011 and are included as necessary in the relevant compensation tables as if made by the Corporation.

Overview

This Compensation Discussion and Analysis ("**CD&A**") explains the material elements of the Corporation's compensation arrangements for the Chief Executive Officer, Chief Financial Officer and the three most highly compensated executive officers of the Corporation (including any of its subsidiaries) at the end of the most recently completed financial year whose total compensation was, individually, more than C\$150,000 (together, the "**Named Executive Officers**"). It should be read in connection with the Summary Compensation Table and related tables and narrative disclosures under "Compensation of Named Executive Officers" below.

This CD&A addresses the following topics relating to the compensation of the Named Executive Officers:

- the Compensation Committee mandate and compensation-setting process;
- an overview of the compensation objectives and related policies;
- each element of compensation and how the amounts payable under each element are determined; and
- the compensation decisions and analysis for fiscal 2013.

The Corporation believes that its compensation objectives and approach to executive compensation align the interests of the Named Executive Officers with the long-term interests of shareholders and are appropriate.

Executive Summary

The Management Resources and Compensation Committee (the “**Compensation Committee**” or “**Committee**”) of the Board is responsible for discharging the Board’s responsibilities relating to the compensation of the Named Executive Officers.

The Corporation’s objective in setting compensation is to create shareholder value over the long term, represented by the total return on the Corporation’s common shareholders’ equity. Accordingly, the compensation policies for the Named Executive Officers are designed to align their interests with those of the Corporation’s shareholders by providing an overall competitive compensation package with a higher proportion of total compensation derived from the opportunity to participate in the long-term ownership participation plans (“**Long-Term Ownership Participation Plans**”), as described on page 27 of this Circular. The principal elements of executive compensation for 2013 were:

- short-term compensation (base salary and annual bonus award); and
- direct and indirect long-term ownership participation (options, DSUs, restricted shares, restricted share units (“**RSUs**”) and escrowed shares).

In addition, the Corporation has a profit share arrangement for its Named Executive Officers (other than the Chief Executive Officer). Details of this arrangement are provided on page 29 of this Circular.

The Corporation considers that the total compensation for the Named Executive Officers in respect of the 2013 fiscal year is focused on aligning their interests with those of the Corporation’s shareholders, and is consistent with the Corporation’s overall compensation objectives and the specific policies that are outlined in the CD&A that follows.

COMPOSITION AND MANDATE OF THE COMPENSATION COMMITTEE

The Compensation Committee carries out the responsibilities of the Board in respect of management resources and compensation matters and making recommendations to the Board as appropriate. In particular, the Compensation Committee is responsible for making recommendations to the Board relating to the:

- compensation of the Corporation’s Named Executive Officers;
- annual objectives of the Corporation’s Chief Executive Officer;
- performance of the Chief Executive Officer;
- administration of the Corporation’s equity and non-equity incentive plans; and
- review and recommendation of director compensation.

The Compensation Committee has the authority to retain independent compensation advisors. The Compensation Committee did not retain an advisor with respect to the compensation arrangements of the Corporation’s Named Executive Officers in 2013. If the Compensation Committee engages outside consultants in the future, appropriate steps will be taken to ensure they are independent and provide no other services to the Corporation or its management.

The Compensation Committee meets as required, and at least annually, to monitor and review management compensation policies, management succession planning and the overall composition and quality of the Corporation’s management resources. As at March 17, 2014, the Compensation Committee was comprised of the following three directors, Bruce T. Lehman (Chair), Robert L. Stelzl and Michael D. Young, all of whom are independent directors. The Board believes the Compensation Committee collectively has the knowledge, experience and background required to fulfill its mandate on the basis of having served as members of the Compensation Committee of Brookfield Homes and/or other public companies prior to the merger. Brookfield Homes was listed on

the New York Stock Exchange and was subject to comparable compensation requirements and rules that are applicable to Brookfield Residential as a dual-listed issuer on the New York Stock Exchange and Toronto Stock Exchange. The Compensation Committee met four times in 2013 and once to date in 2014. None of the recommendations of the Compensation Committee have been rejected or modified by the Board during 2013 or to date in 2014.

Compensation decisions are made in the first quarter of the fiscal year, at the time of the approval of the previous year's financial statements. At this first quarter Compensation Committee meeting, the performance of the Named Executive Officers for the previous fiscal year will be evaluated, annual bonus awards will be granted with respect to performance during that preceding year and long-term ownership participation awards will be granted. Base salaries and profit share grants are approved for the upcoming fiscal year in the fourth quarter. Compensation decisions are approved by the Compensation Committee in an executive session, without management present. In order to fulfill its mandate, the Compensation Committee is provided with a report from management following the end of each year that summarizes the achievements of the Named Executive Officers of the Corporation in relation to the financial goals and other objectives reviewed with the Board at the beginning of the year.

COMPENSATION PHILOSOPHY AND OBJECTIVES

The Corporation's objective in setting compensation is to create shareholder value over the long term, represented by the total return on the Corporation's common shareholders' equity. This is achieved in large measure by aligning the Named Executive Officers' interests with those of shareholders by basing a higher proportion of their rewards on ownership of Common Shares or equivalents thereof.

Accordingly, the Corporation's compensation arrangements are intended to:

- attract and retain highly qualified and motivated executives who have confidence in, and are committed to, the Corporation's overall business strategy and who are able and willing to create value over the longer term;
- foster an environment of teamwork and co-operation that supports long-term decision making;
- reward consistent performance over the longer term; and
- be transparent to the employees and shareholders of the Corporation.

In order to achieve the objectives set out above, the Corporation believes that the Named Executive Officers should receive a higher proportion of their total compensation in the form of participation in Long-Term Ownership Participation Plans as described on page 27 of this Circular, and that these arrangements should enable Named Executive Officers to increase their direct and indirect interest in Common Shares over time. This is intended to ensure that a Named Executive Officer's wealth creation will occur through increases in the value of Common Shares as opposed to the accumulation of cash remuneration, thereby reinforcing the focus on long-term value creation and increasing the alignment with other shareholders of the Corporation.

The Corporation's executive compensation is based on the relative role and responsibility of the Named Executive Officers as compared to other executive officers within Brookfield Residential, as well as on the Named Executive Officer's individual performance. This applies equally to all Named Executive Officers, including the Chief Executive Officer. The compensation arrangements for the Named Executive Officers are related to the achievement of the Corporation's corporate performance objectives, taking into account length of service, level of responsibility and experience of the individual.

BENCHMARK GROUP

The Compensation Committee believes that, while salary and short-term bonuses are elements of compensation that can be accurately benchmarked, the nature of long-term incentives and the many different structures used by organizations make it more difficult to benchmark awards at the time of grant without an understanding of the assumptions used to value the award. Given the Corporation's emphasis on long-term compensation, which is not

the focus of most benchmark surveys, the Compensation Committee has not benchmarked long-term incentive compensation against a comparator group nor has it engaged outside consultants in this regard.

The group of companies used to benchmark short-term compensation for fiscal 2013 was comprised of the following nine publicly-traded homebuilding companies: Beazer Homes USA, Inc., Hovnanian Enterprises, Inc., KB Home, Lennar Corporation, Meritage Homes Corporation, M/I Homes, Inc., PulteGroup, Inc., Standard Pacific Corp. and Toll Brothers, Inc. These companies were selected as being appropriate for the benchmark group on the basis that they are publicly traded homebuilders that are competitors of the Corporation.

COMPENSATION ELEMENTS

The compensation arrangements for the Named Executive Officers are focused on aligning their interests with those of the Corporation's shareholders and are comprised of two components:

- short-term compensation (base salary and annual bonus award); and
- direct and indirect long-term ownership participation (options, DSUs, restricted shares, RSUs and escrowed shares).

In addition, the Corporation has a profit share arrangement for its Named Executive Officers (other than the Chief Executive Officer). Details of this arrangement are provided on page 29 of this Circular.

Short-Term Compensation

Short-term compensation arrangements for the Named Executive Officers consist of a base salary and an annual bonus award. Base salaries are intended to provide the executive with a base level of annual income that is not contingent on Brookfield Residential's performance. Annual bonus awards are intended to compensate the Named Executive Officers for annual performance as described below. Annual bonus award recommendations are submitted to the Compensation Committee for its consideration by the President and Chief Executive Officer (other than for himself) in the first quarter of the fiscal year, at the time of the approval of the previous year's financial statements. Base salary and annual bonus awards are approved by the Compensation Committee in an executive session without management present.

Brookfield Residential believes that base salaries and annual bonus awards for the Named Executive Officers should be set below the median level for comparable companies within the homebuilding industry, in return for the opportunity for these individuals to participate at a higher level in the Long-Term Ownership Participation Plans.

Base salaries are reviewed annually to ensure that they reflect the relative contribution of each individual and the principles set forth above. The determination of relative contribution is a subjective evaluation based on an individual's contribution to creating shareholder value, experience and level of responsibility. No quantitative relative weights are assigned to these factors when setting base salaries.

Bonus awards are reviewed annually and can range between 0% and 100% of base salary, determined primarily on the Named Executive Officer's performance in meeting Brookfield Residential's corporate performance objectives and the principles set forth above. The performance of the Corporation is measured by the achievement of financial and other objectives reviewed at the beginning of the fiscal year. No quantitative relative weights are assigned to these factors when setting annual bonus awards.

In order to further the Corporation's overall compensation objective of aligning the interests of the Named Executive Officers with those of Brookfield Residential's shareholders, the Named Executive Officers may elect to receive all or a portion of their annual bonus award in DSUs or restricted shares of the Corporation, as described below under "Long-Term Ownership Participation Plans".

Long-Term Ownership Participation Plans

The Corporation's Long-Term Ownership Participation Plans are intended to enable participants to create wealth through increases in the value of the Corporation's Common Shares. The purpose of these arrangements is to achieve a commonality of interest between shareholders and management and to motivate executives to improve the Corporation's long-term financial success, measured in terms of enhanced shareholder value over the long term. Long-term ownership participation is targeted at a higher level for Named Executive Officers with greater responsibility and ability to influence the achievement of Brookfield Residential's corporate performance objectives.

The Corporation has five Long-Term Ownership Participation Plans for the Named Executive Officers, consisting of (1) a management share option plan (the "**Option Plan**"), (2) a deferred share unit plan (the "**DSU Plan**"), (3) an escrowed stock plan (the "**Escrowed Stock Plan**"), (4) a restricted share plan (the "**Restricted Share Plan**"), and (5) a restricted share unit plan (the "**RSU Plan**").

Options, DSUs, restricted shares, RSUs and escrowed shares are used as long-term incentives because:

- they align the interests of the Named Executive Officers with those of shareholders of Brookfield Residential, foster share ownership, are performance-based and focus the executives on maximizing the total return on the Corporation's shareholders' equity; and
- the minimum vesting periods (three years for restricted shares and RSUs and five years for options, DSUs and escrowed shares) encourages retention of the Named Executive Officers.

In addition, the Corporation has a profit share arrangement for its Named Executive Officers (other than the Chief Executive Officer). Details of this arrangement are provided on page 29 of this Circular.

Option Plan

The Option Plan, which is administered by the Board, governs the granting to executives of options to purchase Common Shares at a fixed price. The options typically vest 20% at the end of each year commencing on the first anniversary of the date of the award and are exercisable over a 10-year period.

The purpose of the Option Plan is to advance the interests of the Corporation in the following ways: (i) providing management and other eligible persons with additional incentive in lieu of cash remuneration; (ii) encouraging share ownership by eligible persons; (iii) increasing the proprietary interests of eligible persons in the success of the Corporation; (iv) encouraging eligible persons to remain with the Corporation or its affiliates; and (v) attracting new employees and officers. The Option Plan is administered by the Board in accordance with the Corporation's compensation policies and the policies of the TSX.

Options are generally granted to executives in February or March of each year as part of the annual compensation review. The number of options granted to an executive is determined based on his or her level of responsibility and performance and are not generally made with reference to the number of options previously granted to the executive. Since the annual option awards are generally made during a blackout period, the effective grant date for such options is set six business days after the end of the blackout period. The exercise price for such options is the volume-weighted average trading price for Common Shares on the New York Stock Exchange for the five business days preceding the effective grant date.

The Board, at the recommendation of the Compensation Committee, approves all option awards. The Compensation Committee recommends the award for the Chief Executive Officer. All other option awards are recommended by the Chief Executive Officer to the Compensation Committee.

In 2014, the Corporation granted a total of 912,500 options to purchase Common Shares, representing approximately 0.77% of the Corporation's Common Shares on a fully diluted basis, and none of these options were exercised.

Deferred Share Unit Plan

The purpose of the DSU Plan is to provide senior executives and directors of the Corporation or its subsidiaries with compensation opportunities that are consistent with shareholder interests.

The DSU Plan provides for the issuance of DSUs, the value of which are equal to the value of a Common Share. The DSU Plan is administered by the Compensation Committee. DSUs awarded to Named Executive Officers vest over periods of up to five years, with the exception of DSUs awarded in lieu of cash bonus awards which fully vest upon cessation of employment through retirement, resignation, termination or death (“separation from service”). DSUs can only be redeemed for cash upon separation from service.

Brookfield Residential’s DSU Plan provides that the Named Executive Officers may, at their option, receive up to 100% of their annual bonus award, if any, in the form of DSUs. The annual bonus award is converted to DSUs based on the volume-weighted average trading price for Common Shares on the New York Stock Exchange for the five business days preceding the effective grant date. Since the annual DSU awards are generally made during a blackout period, the effective grant date for such DSUs is set six business days after the end of the blackout period. The DSU Plan also permits the Compensation Committee to award DSUs to any of the Corporation’s executives in order to further align the recipient’s interests with those of the Corporation’s shareholders. An executive who holds DSUs will receive additional DSUs if dividends are paid on the Common Shares, on the same basis as if the dividends were reinvested. In 2013, the Named Executive Officers did not receive any additional DSUs under this feature as no dividends were paid on the Common Shares. The redemption value of DSUs will be equivalent to the market value of an equivalent number of the Corporation’s Common Shares at the time of redemption.

Restricted Share Plan

The Restricted Share Plan’s purpose is to provide designated executives of the Corporation, and certain of its subsidiaries, who are residents of the United States and Canada with compensation that will align their long-term interests with those of the Corporation’s shareholders. Restricted shares have the advantage of allowing executives to become shareholders, receive dividends, and to have full ownership of the shares after the restriction period ends.

The Restricted Share Plan is administered by the Compensation Committee. Awards granted to executives under the Restricted Share Plan are satisfied by Common Shares of the Corporation purchased on the open market, which Common Shares are held in a custodial account as “restricted shares” until the Hold Date (as defined below). Restricted shares vest over a three year period, except that restricted shares awarded in lieu of a participant’s annual cash bonus vest immediately. Vested and unvested restricted shares are held in a custodial account until the applicable hold date (the “**Hold Date**”) prescribed in the Restricted Share Plan, after which time they become freely tradable and no longer subject to any restrictions under the Restricted Share Plan.

Holders of restricted shares are entitled to vote their shares and to receive dividends that are paid on the Corporation’s Common Shares. Prior to the Hold Date, these dividends are distributed in the form of additional restricted shares, equivalent in value to the cash dividends paid on the restricted shares net of required withholding taxes and subject to the same vesting and hold provisions as the original restricted shares.

In 2014, the Corporation granted a total of 17,500 restricted shares.

Restricted Share Unit Plan

The RSU Plan’s purpose is to provide designated executives of the Corporation and certain of its subsidiaries who are residents of Canada with compensation that will align their long-term interests with those of the Corporation’s shareholders. RSUs allow executives to become shareholders, receive dividends, and to have full ownership of Common Shares of the Corporation once the vesting period ends. The objectives of the RSU plan are the same as those of the Restricted Share Plan, however it is designed to allow Canadian executives to receive awards having similar tax consequences as the awards granted to our U.S. executives participating in the Restricted Share Plan.

The RSU Plan provides for the issuance of RSUs, which entitle the participant to receive on each vesting date a payment of an equivalent number of fully paid Common Shares of the Corporation purchased on the open market. RSUs vest over a three year period. Prior to each vesting date, each participant will be granted additional RSUs

equal to the amount of dividends, if any, that would have been paid to the participant had the unvested RSUs been Common Shares, and will be subject to the same vesting provisions as the original RSUs. The RSU Plan is administered by the Compensation Committee.

In 2014, the Corporation granted a total of 40,000 RSUs.

Escrowed Stock Plan

The Corporation's Board of Directors approved the Escrowed Stock Plan on June 16, 2011. The Escrowed Stock Plan is intended to incent and retain Alan Norris, the President and Chief Executive Officer of the Corporation, for an extended period of time and to further align his interests with those of other shareholders in a manner that is less dilutive than alternative Long-Term Ownership Participation Plans. Accordingly, awards under the Escrowed Stock Plan will not vest until five years after the date of grant and will ultimately be received in the form of Common Shares. Furthermore, the number of Common Shares issued under the Escrowed Stock Plan should be more than offset by the Common Shares purchased in the open market or privately at the time of the initial grant as described below.

Under the Escrowed Stock Plan, a private company (the "**Holdco**") is capitalized with common shares (the "**escrowed shares**") and preferred shares issued to the Corporation for cash proceeds. The Holdco uses its cash resources to purchase Common Shares of the Corporation on the open market or privately. On June 23, 2011, the initial proceeds were used to purchase 2 million Common Shares of the Corporation from Brookfield Asset Management with 75% of the escrowed shares granted to Mr. Norris. The escrowed shares vest on and must be held until the fifth anniversary of the grant date. At a date at least five years from and no more than ten years from the grant date, all escrowed shares held will be acquired by the Corporation in exchange for the issuance of Common Shares from treasury of the Corporation, where the value of the Common Shares being issued is equal to the value of the escrowed shares being acquired. The value of the escrowed shares will be equal to the value of the Common Shares held by the Holdco less the net liabilities and preferred share obligations of the Holdco. The Holdco will then be immediately wound up or merged into the Corporation and the Common Shares held by the Holdco will be cancelled, resulting in a net reduction in the total number of Common Shares issued and outstanding. The market value of the Common Shares being issued by the Corporation and those held by the Holdco will be based on the volume-weighted average price of a Common Share on the NYSE on the date of the exchange. Dividends paid to the Holdco on the Common Shares acquired by the Holdco, if any, will be used to pay dividends on the preferred shares which are held by the Corporation. The Common Shares acquired by a Holdco will not be voted.

Non-Equity Incentive Plans

The Corporation has a profit share arrangement for its Named Executive Officers (other than the Chief Executive Officer). This arrangement is similar to the arrangements in place for senior operating management described on page 34 of this Circular, but with rewards based on the performance of the Corporation rather than a particular business unit. This arrangement was designed to motivate, retain, and attract individuals of exceptional ability in a manner that is consistent with the interests of the Corporation's shareholders. The arrangement provides for participation in the net income of the Corporation, after a cost of capital charge is covered. In 2013, the Named Executive Officers (other than the Chief Executive Officer) earned a total of \$1.6 million under this arrangement. In addition, for 2013 two executives participated in the economic value added to the Corporation as a percentage of base salary (up to a maximum of 75%). In 2013, Messrs. Harvie and Dutczak earned a total of \$0.4 million under this arrangement. Amounts earned under the above arrangements generally vest over a period of three years.

Other Compensation

As outlined above, annual salary, bonus and participation in Long-Term Ownership Participation Plans are the primary elements of total compensation for the Named Executive Officers. Named Executive Officers also participate in perquisites generally on the same basis as all employees as described below.

Group Benefits

All employees participate in health, dental and insurance plans which vary by local market.

Retirement Savings Plan

All employees are eligible to receive an annual contribution to a registered retirement savings plan in either a lump sum or as an equivalent to a percentage of their base salary based on local market practice. There are no defined benefit plans in place for any of the Named Executive Officers.

Termination and Change of Control Provisions

As a general practice, the Corporation does not provide contractual termination or post-termination payments or change of control arrangements to employees. Specifically, the Corporation has not entered into contractual termination, post-termination or change of control arrangements or employment contracts with its Named Executive Officers.

In general, there are no incremental entitlements triggered by termination, resignation, retirement or a change in control under the Corporation's Long-Term Ownership Participation Plans. Any exceptions to these provisions are approved on an individual basis at the time of cessation of employment. Exceptions are approved by the Chair of the Compensation Committee or the Board depending on the circumstances.

Options

Upon retirement, vesting of options cease and unvested options are cancelled. Upon termination without cause, unvested options are cancelled and vested options continue to be exercisable for 60 days following such termination. Any other termination, including resignation and continuous leave of absence, results in all vested and unvested options being cancelled. Additionally, upon authorized continuous leave of absence, including disability, unvested options are cancelled and vested options continue to be exercisable for 60 days following such termination. Upon death, options continue to vest and are exercisable for six months from the date of death after which all unexercised options are cancelled.

DSUs

Upon termination of a senior executive participant in the DSU Plan, the participant is entitled to receive all vested DSUs and 100% of unvested DSUs granted in connection with incentive bonuses. In the event of death, all DSUs held by the participant become fully vested.

Upon termination, retirement or death of a director participant in the DSU Plan, all DSUs held by the director become fully vested.

Restricted Shares and RSUs

Upon cessation of employment of a participant, all restricted shares and RSUs that have not vested on the termination date will be forfeited.

Escrowed Shares

Pursuant to the Escrowed Stock Plan, upon termination of Mr. Norris without cause, including resignation, retirement, death and disability, unvested shares will be subject to purchase by the Corporation for nominal value. Upon termination for cause, all of the escrowed shares, including vested shares, will be subject to purchase by the Corporation for nominal value.

INCENTIVE AND EQUITY-BASED COMPENSATION EMPLOYMENT POLICIES AND GUIDELINES

The Corporation has established a number of policies and guidelines in order to reinforce the importance of equity ownership over the longer term. Details of these policies and guidelines follow.

Share Ownership Guidelines

The Corporation's Chief Executive Officer and Chief Financial Officer are required to hold Common Shares, DSUs, restricted shares or RSUs with a value equal to five times their base salary, based on the market value of the Common Shares and DSUs, restricted shares and RSUs held, to be attained within five years of his or her appointment.

Hedging of Economic Risks for Personal Equity Ownership

All executives are prohibited from entering into transactions that have the effect of hedging the economic value of any direct or indirect interests by the executive in Common Shares, including their participation in Long-Term Ownership Participation Plans, unless such transactions are executed and disclosed in full compliance with all applicable regulations and have been previously approved by the Chief Financial Officer and Chief Executive Officer of the Corporation and, if appropriate, the Compensation Committee. To date, no executive has hedged the economic value of their direct or indirect interests.

REPORT ON 2013 COMPENSATION

The Report on 2013 Compensation, presented to the Compensation Committee in February 2014, detailed the compensation arrangements for the Named Executive Officers. The report, which is prepared by the Chief Executive Officer, summarized the total 2013 compensation, including proposed Bonus and 2014 Long-Term Ownership Participation Plan awards as well as the approved 2014 Base Salaries. The report also presented a benchmarking analysis for short-term compensation using the nine publicly-traded homebuilding companies in the Corporation's benchmark group referenced previously in this Circular. In addition, the report contained a summary of equity awards to all executives as recommended by management. The Compensation Committee has determined that these arrangements were reasonable and appropriately rewarded executives.

The Compensation Committee reported its conclusions with respect to the foregoing to the Board on February 11, 2014. The Compensation Committee reported that the compensation arrangements for the Named Executive Officers are consistent with the objectives of the Corporation's compensation program as outlined under "Compensation Philosophy and Objectives" on page 25 of this Circular and support the creation of shareholder value over the longer term as well as the attraction and retention of executives who make decisions with a long-term view.

The following summarizes compensation decisions made with respect to (i) base salary and annual bonus awards for the 2013 fiscal year and (ii) 2014 long-term ownership participation awards.

Short Term Compensation

Base salaries for fiscal 2014 were set in the fourth quarter of 2013 and annual bonus awards for fiscal 2013 were approved in the first quarter of 2014. In setting annual bonus awards for 2013, the Compensation Committee considered in particular, the following:

- In 2013, the Named Executive Officers had advanced the long-term business strategy in a manner consistent with the creation of value for shareholders over the longer term and had contributed to the overall performance of the Corporation as more particularly outlined below under "Compensation Awarded – Chief Executive Officer" on page 32 of this Circular;
- The base salaries and annual bonus awards of between \$450,440 and \$971,300 for the Named Executive Officers were below the median base salaries and annual bonus awards earned by executives holding similar positions at comparable companies in the Corporation's benchmark group within the homebuilding industry; and
- The contribution, experience and level of responsibility of each individual.

In addition, the bonus award for each Named Executive Officer took into account the relative contribution of each individual in meeting the Corporation's corporate performance objectives outlined above. The determination of relative contribution was a subjective evaluation based on the individual's experience and level of responsibility. For 2013, this resulted in bonus awards for the Named Executive Officers ranging between 55% and 100% of such individuals' base salary.

Long-Term Ownership Participation Plans

Option, restricted share and RSU awards were granted in the first quarter of 2014 based on the Compensation Committee's consideration of the Corporation's overall compensation objectives. 512,500 options were granted to three Named Executive Officers (representing 56% of all options granted to the Corporation's employees); 17,500 restricted shares were granted; and 40,000 RSUs were granted.

The options, restricted shares and RSUs were granted on a discretionary basis as a multiple of base salary based on the contribution, experience and level of responsibility of the Named Executive Officer and to motivate them to maximize the total return on our common shareholders' equity over the long term. No quantitative relative weights were assigned to these factors when setting these awards.

In addition, long-term non-equity incentive plan awards of \$1,974,185 million were earned by the Named Executive Officers (other than the Chief Executive Officer) in accordance with the terms of profit share and value creation arrangements described elsewhere in this Circular.

Compensation Awarded - Chief Executive Officer

Annual Compensation

The performance of Mr. Norris, the President and Chief Executive Officer of the Corporation, is reviewed each year by the Board and the Compensation Committee in relation to operational results, the achievement of other objectives set out at the beginning of the year related to the implementation of the long-term business strategy and other accomplishments.

Each year, Mr. Norris must present to the Board an annual business plan that incorporates both short-term and long-term objectives. This annual business plan sets out the strategic direction of the Corporation, together with specific operational targets and objectives related to implementation of the long-term business strategy.

The determination of Mr. Norris' bonus and long-term ownership participation awards is not formulaic but instead is based on the Board's assessment of the specific actions taken during the year to implement the Corporation's strategic plans and any amendments to the plans, all in the context of long-term value creation, and other actions taken in response to developments during the year that were not foreseen.

The Compensation Committee determined that for 2013 Mr. Norris and the Corporation's senior management team had advanced the long-term business strategy in a manner consistent with creation of value for shareholders over the longer term and had met the objectives set at the beginning of the year. Major achievements in 2013 included:

- Generating income before income tax from normal recurring operations of \$172 million;
- Successfully executing our capital plan. In addition to obtaining an unsecured \$250 million U.S. revolving credit facility, we completed an offering of \$500 million aggregate principal amount of nine-year Senior Unsecured Notes at 6.125%; and
- Executing several key strategic initiatives, including entering into the Phoenix market and obtaining analyst coverage.

Taking into account Mr. Norris' overall performance as described above, on February 11, 2014, the Board, on the recommendation of the Compensation Committee, awarded Mr. Norris an annual bonus award of \$485,650, granted him 400,000 options valued at \$2,848,000 million and 30,000 RSUs valued at \$649,800.

In addition to the above, Mr. Norris earned a base salary for 2013 of \$485,650. Mr. Norris also received an annual lump sum contribution to a retirement savings plan, which for 2013 was \$1,943. Mr. Norris' participation in this retirement savings plan is on the same basis as all other Canadian employees of the Corporation, and Mr. Norris does not have any entitlement to future pension benefits or other post-employment benefits from the Corporation.

Other Chief Executive Officer Compensation - 2011

Separate from the annual compensation decisions made with respect to the 2013, 2012 and 2011 fiscal years for Mr. Norris and given that the Corporation did not become a reporting issuer until March 31, 2011, certain compensation decisions with respect to the compensation of Mr. Norris for 2010 were made by the Compensation Committee in May 2011. At this Compensation Committee meeting, the Committee reviewed and approved the following long-term ownership participation awards for Mr. Norris in connection with his appointment as President and Chief Executive Officer of the Corporation: 1,000,000 options and a participation in the Escrowed Stock Plan. The awards were made in order to further align Mr. Norris' interests with those of shareholders upon his appointment as President and Chief Executive Officer of the Corporation.

In determining the long-term ownership participation awards, the Committee also considered that Mr. Norris was party to an incentive plan arrangement that was assumed by the Corporation in the merger. The incentive plan provided Mr. Norris with a future payment, based on the value created within certain predecessor entities. The Committee determined that to better align Mr. Norris' interests with those of the Corporation's shareholders, Mr. Norris exchange his right, title and interest in and to the incentive plan for 1,250,000 deferred share units of the Corporation of equivalent value. These DSUs vest over a period of five years from the date of grant.

Details on the components of the compensation paid to Mr. Norris and the other Named Executive Officers for 2013 are set out in the Summary Compensation Table on page 36 of this Circular.

Chief Executive Officer Ownership Interests in the Corporation

Consistent with the Corporation's philosophy of aligning the interests of management and shareholders and fostering an environment that encourages a focus on long-term value creation, Mr. Norris has accumulated a number of ownership interests in the Corporation in the form of DSUs, options, escrowed shares and RSUs. In addition, and separate from any compensation arrangements, but relevant to the extent it aligns Mr. Norris' interests with shareholders, Mr. Norris owns a number of Common Shares of the Corporation.

Relationship of Executive Compensation to Share Performance

Since a significant proportion of the annual value of compensation awarded to Mr. Norris and the other Named Executive Officers is given in long-term compensation, the actual value of this compensation, which is earned over time, will be dependent upon the performance of the Corporation's Common Shares.

In addition, the actual value of the compensation awarded to the Named Executive Officers is further aligned with the performance of the Corporation's Common Shares as a result of the vesting provisions whereby option awards vest over a five-year period, RSUs and restricted shares over a three-year period, and escrowed share awards do not vest until the end of a five-year period, and the potential for reinvestment of Bonuses into restricted shares or DSUs, which in the latter's case are not redeemable until retirement.

Compensation Policies and Risk Management

The Compensation Committee considers the implications of the risks associated with the Corporation's compensation policies and practices when determining rewards for its Named Executive Officers. In assessing risk for the 2013 fiscal year, the Compensation Committee determined that the compensation arrangements for the Named Executive Officers do not create risks that are reasonably likely to have a material adverse effect on the Corporation. Compensation is comprised of short-term compensation (base salary and annual bonus award) and direct and indirect long-term ownership participation (options, DSUs, restricted shares, RSUs and escrowed shares). These employees participate in the creation of shareholder value over the long term, aligning their interests with those of our shareholders. Further, compensation of these employees is discretionary.

Senior Operating Management Arrangements

Certain senior operating employees of the Corporation are entitled to participate in the Senior Operating Management Participation arrangements. These arrangements were established to motivate, retain and attract individuals of exceptional ability in a manner that is consistent with the interests of the Corporation's shareholders. The arrangements provide for participation in the net income of the local business unit by each local management team, after a cost of capital charge is covered. Amounts earned under this arrangement generally vest over a period of three years. In addition, the arrangements permit eligible employees to participate on an annual basis in the economic value added to their business unit and the net income of the Corporation as a percentage of base salary (up to a maximum of 75% and 30%, respectively). For 2013, 43 participants earned a total of \$14,091,472 million pursuant to these arrangements.

Conclusion

The Compensation Committee is satisfied that Brookfield Residential's compensation philosophy, policies and practices support the Corporation in achieving its long-term strategic objectives and are effective in attracting and retaining executives who make decisions that are aligned with these strategic objectives. The Compensation Committee is satisfied that the compensation practices of the Corporation (i) reward the executives for performance over the long term in a manner that places an appropriate emphasis on risk management, and encourages, and appropriately matches rewards with, long-term value creation, (ii) are simple and transparent, (iii) encourage executives to build equity and align their interests with those of shareholders in a meaningful way, (iv) do not provide for excessive termination or change in control benefits, and (v) support effective succession planning.

On behalf of the Compensation Committee,

- Bruce T. Lehman — Chair

Narrative Disclosure to Summary Compensation Table Awards - 2011

Given that the Corporation did not become a reporting issuer until March 31, 2011, certain compensation decisions with respect to the compensation of Mr. Norris for 2010 were made by the Compensation Committee in May 2011. At this Compensation Committee meeting, the Committee reviewed and approved the following long-term ownership participation awards for Mr. Norris in connection with his appointment as President and Chief Executive Officer of the Corporation: 1,000,000 options and a participation in the Escrowed Stock Plan. The awards were made in order to further align Mr. Norris' interests with those of shareholders.

In determining the long-term ownership participation awards, the Committee also considered that Mr. Norris was party to an incentive plan arrangement that was assumed by the Corporation in the merger. The incentive plan provided Mr. Norris with a future payment, based on the value created within certain predecessor entities. The Committee determined that to better align Mr. Norris' interests with those of the Corporation's shareholders, Mr. Norris exchange his right, title and interest in and to the incentive plan for 1,250,000 DSUs of the Corporation of equivalent value. These DSUs vest over a period of five years from the date of grant.

SECURITY-BASED COMPENSATION ARRANGEMENTS

The Corporation's only current security-based compensation arrangement is the Option Plan. The Option Plan was approved by the Board and its sole shareholder at the time on March 28, 2011 and approved by the holders of Common Shares at the Annual and Special Meeting of Shareholders held on May 8, 2012. The Option Plan provides for the issuance of up to 7,000,000 Common Shares (representing approximately 5.9% of the Corporation's issued and outstanding Common Shares), of which 5,037,112 options (representing approximately 4.2% of the Corporation's issued and outstanding Common Shares) had been granted but not yet exercised as at March 17, 2014.

The Corporation's Escrowed Stock Plan, Restricted Share Plan, and RSU Plan are not considered to be Security-Based Compensation Arrangements because they do not result in a net issuance of Common Shares from treasury.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The following table sets out information on the Corporation's Option Plan as of the fiscal year ended December 31, 2013.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (#)	Weighted-average exercise price of outstanding options, warrants and rights (\$)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (#)
Equity compensation plans approved by security holders			
Management Share Option Plan	4,124,612	\$13.54	1,536,574

The Board establishes the exercise price of each option at the time it is granted, which may not be less than the closing price of a Common Share on the last trading day preceding the date of the grant on the New York Stock Exchange, except as described in the following sentence. For options granted under the Option Plan during a blackout period, the effective grant date may not be less than six business days after the blackout ends and the exercise price for the options approved during a blackout period is the volume-weighted average trading price of Common Shares for the five business days preceding the effective grant date.

The following is a summary of the other key provisions of the Option Plan. Employees, officers and consultants of the Corporation and its affiliates and others designated by the Board are eligible to participate. The number of Common Shares issuable to insiders, or issued in any one year to insiders, under all the Corporation's security-based compensation arrangements cannot exceed in either case 10% of the issued and outstanding shares of this class; and no more than 5% of the issued and outstanding shares may be issued under these arrangements to any one person. All option grants are approved by the Board on the recommendation of the Compensation Committee. The Board determines the vesting period for each option grant, which is 20% per year over five years commencing the first year after the grant. The Board also sets the expiry period for each option grant, which may not exceed 10 years, except where the expiry date falls during or shortly after a blackout period in which case the expiry date is ten days after the blackout period ends.

The Option Plan sets out provisions regarding the exercise and cancellation of options following a change in the employment status of a plan participant. In general, all vested options must be exercised and all unvested options are cancelled on a participant's termination date, except as follows: in the event of termination by the Corporation for reasons other than cause or in the case of an authorized leave of absence due to disability, vested options must be exercised within 60 days following the termination date; in the event of retirement, vested options continue to be exercisable until the applicable expiry date; and in the event of death, all granted options continue to vest and be exercisable for six months following death. The Option Plan also contains an amending provision setting out the types of amendments which can be approved by the Board without shareholder approval and those which require shareholder approval. Shareholder approval is required for any amendment that increases the number of Common Shares issuable under the Option Plan, lengthens the period of time after a blackout period during which options may be exercised, reduces the exercise price, expands insider participation, extends the term of an insider's Option beyond its expiry date, adds a provision which results in participants receiving Common Shares for no compensation to the Corporation, or other amendments required by law to be approved by shareholders. The Corporation does not provide any financial assistance to plan participants to facilitate the purchase of Common Shares issued pursuant to the exercise of options under the Option Plan.

The Corporation has established a number of policies related to its equity-based compensation plans to reinforce the importance of equity ownership by its senior executives over the longer term. See also "Incentive and Equity-Based Compensation Employment Policies and Guidelines" on page 30 of this Circular.

PENSION AND RETIREMENT BENEFITS

The Corporation's Named Executive Officers and its other senior executives do not participate in a registered defined benefit plan or any other post-retirement supplementary compensation plans. Eligible senior executives receive an annual contribution from the Corporation to their registered retirement savings or 401(k) plans either as a lump sum or an amount equal to a percentage of their annual base salary, subject to the relevant annual contribution limits, and generally on the same basis as all employees. There are no predefined termination or post-termination payments, changes in control arrangements or employment contracts for the Corporation's senior executives.

3. COMPOSITION AND PROCEDURES

- (a) **Size of Board and selection process** – The directors of the Corporation are elected each year by the shareholders at the annual meeting of shareholders. The Governance and Nominating Committee recommends to the full Board the nominees for election to the Board and the Board proposes a slate of nominees to the shareholders for election. Any shareholder may propose a nominee for election to the Board either by means of a shareholder proposal upon compliance with the requirements prescribed by the *Business Corporations Act* (Ontario) or as set forth in the by-laws of the Corporation. The Board also recommends the number of directors on the Board to shareholders for approval. Between annual meetings, the Board may appoint directors to serve until the next annual meeting.
- (b) **Qualifications** – Directors are to have the highest personal and professional ethics and values and be committed to advancing the best interests of the shareholders of the Corporation. They should possess skills and competencies in areas that are relevant to the Corporation's activities. A majority of the directors will be independent directors based on the rules and guidelines of applicable stock exchanges and securities regulatory authorities.
- (c) **Director orientation** – The Corporation's management team is responsible for providing orientation and education for new directors in order to familiarize them with their responsibility as directors under applicable law and the applicable stock exchanges and with the Corporation and its strategic plans, significant accounting and risk management issues, financial status, compliance programs, Code of Business Conduct and Ethics, Charter of Expectations for Directors, senior management and internal and independent auditors.
- (d) **Meetings** – The Board holds at least four scheduled meetings a year plus one to review the Corporation's strategic plan. The Board is responsible for its agenda. Prior to each Board meeting, the Chair of the Board (the "Chair") discusses agenda items for the meeting with the CEO, the Chief Financial Officer and the Lead Director. Materials for each meeting are distributed to the directors in advance of the meetings. The Chair, CEO or Committee Chair (as defined herein) may from time to time invite corporate officers, other employees and advisors to attend Board or committee meetings whenever deemed appropriate.

At the conclusion of each regularly scheduled meeting, the independent directors meet without management and non-independent directors present. The directors will appoint a lead director (the "Lead Director") to chair these meetings where the Chair is not an independent director.

Directors are expected to attend, in person or via tele- or video-conference, all meetings of the Board and the Committees upon which they serve, to come to such meetings fully prepared, and to remain in attendance for the duration of the meeting. Where a Director's absence from a meeting is unavoidable, the Director should, as soon as practicable after the meeting, contact the Chair, the chair of such respective committee (the "Committee Chair"), the CEO, or the secretary of the Corporation (the "Corporate Secretary") for a briefing on the substantive elements of the meeting. Directors are encouraged to attend the annual meeting.

- (e) **Committees** – The Board has established the following committees to assist it in discharging its responsibilities and may delegate its responsibilities to any of these committees to the extent permissible under applicable law: Audit, Governance and Nominating, and Management Resources and Compensation. Special committees may be established from time to time to assist the Board with specific matters. The Committee Chair reports to the Board following meetings of the committee. The governing charter of each committee is reviewed and approved annually by the Board.
- (f) **Evaluation** – The Governance and Nominating Committee performs an annual evaluation of the effectiveness of the Board as a whole, the committees of the Board and the contributions of individual directors. In addition, each committee assesses its performance annually.
- (g) **Compensation** – The Management Resources and Compensation Committee recommends to the Board the compensation for non-management directors (it is the policy of the Corporation that management directors do not receive compensation for their service on the Board). In reviewing the adequacy and form of compensation, the committee seeks to ensure that the compensation reflects the responsibilities and risks

involved in being a director of the Corporation and aligns the interests of the directors with the best interests of the shareholders.

- (h) Access to independent advisors – The Board and any committee may at any time retain outside financial, legal or other advisors at the expense of the Corporation with respect to any matters subject to its authority. Any director may, subject to the approval of the Chair, retain an outside advisor at the expense of the Corporation.
- (i) Contact with the Board – Any shareholder may contact the Board by e-mail or by writing to the Board c/o the Corporate Secretary. Matters relating to the Corporation's accounting, internal accounting controls or auditing matters will be referred to the Audit Committee. Other matters will be referred to the respective Committee Chair.
- (j) Charter of expectations – The Board has adopted a Charter of Expectations for Directors which specifies the expectations the Corporation places on its directors in terms of professional and personal competencies, performance, behaviour, conflicts of interest and resignation events.

This Charter of the Board was reviewed and approved by the Board on February 11, 2014.
